

# CHANGES TO OUR WASTE COLLECTION SERVICES

The Shire of Toodyay has introduced some changes to the waste collection services for Shire residents with a dwelling on their property. These changes are as follows:

- 1 If you currently have a bin service, you can no longer opt out of the service.
- 2 If you currently do not utilise the Shires scheduled waste removal service, you are permitted to continue to manage and dispose of waste as per current practice.
- 3 When you sell your property, the purchaser will receive a rubbish bin and the waste collection service becomes mandatory.
- 4 Upon the completion of a dwelling a waste collection service becomes mandatory.
- 5 If you have additional bin services, they can be removed, however the basic service will remain.
