I was lucky enough to be born here and live on the family farm in West Toodyay. Four generations of my family also live in Toodyay so I understand the needs of different generations. A specialist Building Designer for Autism with global research experience, I've always been active on business, community and sport management bodies. I successfully work collaboratively, seek innovative solutions and take care of detail. I love our eclectic, fun community and believe it's time for change.

I strongly support,

- Bringing back the confidence of our community by having an approachable Council
- Prioritising sound financial management
- The Shire managing the Rec Centre, stopping the flow of money out of town
- Strong collaborative support for local sport and community groups, the backbone of our community
- Creation of much needed social spaces for our youth
- Preservation of our history & progress through innovation

I pledge I'll represent you with practical, independent thinking.
