4 OFFICER REPORTS

4.1 Compliance Audit Return 2021

Date of Report:	14 February 2022			
Applicant or Proponent:	Shire of Toodyay			
File Reference:	NAM21825			
Author:	M Morrell – Communication and Compliance Officer			
Responsible Officer:	S Haslehurst – Chief Executive Officer			
Previously Before Council:	N/A			
Author's Disclosure of Interest:	Nil			
Council's Role in the matter:	Review			
Attachments:	1. 2021 Compliance Audit Return J			

PURPOSE OF THE REPORT

To consider the attached annual Compliance Audit Return for 2021.

BACKGROUND

Local governments are required by legislation to complete an annual Compliance Audit Return.

The Compliance Audit Return is a checklist of the Shire's statutory compliance with the Act and its Regulations that focuses on high risk areas of statutory reporting as prescribed in Regulation 14 of the *Local Government (Audit) Regulations 1996*.

Once completed, the Compliance Audit Return is required to be:

- a) presented at a meeting of the Audit Committee;
- b) presented for consideration and adoption by Council; and
- c) returned to the Department of Local Government, Sport and Cultural Industries (DLGSC) with a copy of the relevant Council minutes by 31 March each year.

COMMENTS AND DETAILS

The Compliance Audit Return 2021 has been completed and is attached for the Audit and Risk Committee to receive and review.

Once the Committee refers the Compliance Audit Return 2021 to Council for adoption, it will be recorded in the minutes and a copy will be lodged via the Smart Hub by 31 March 2022.

The following table identifies those areas where compliance issues have been identified.

Question No.	Comment to non-compliance
Disclosure of Interest: Q25	Employee Code of Conduct was updated (compliant) but was not published on the website (non-compliant). This document has been

Question No.	Comment to non-compliance
	separated from the Councillor Code of Conduct and now sits under the banner of Human Resources.
Finance: Q3	The Auditor's Report was not received by 31 December 2021 for the financial year ending 30 June 2021. Due to issues experienced with the implementation of Datascape, an extension to complete the annual financial report was requested until 31 October 2021 however this target was not achieved. Officers are liaising with the Shire's auditors and the Office of the Auditor-General about this situation. Further, due to the auditor's report not being finalised by 31 December 2021, officers were unable to respond to a number of Finance questions which have been marked as N/A.
Integrated Planning and Reporting: Q1	The Strategic Community Plan was presented to Council in May 2021, however it was withdrawn for further work to be done on the document and a more comprehensive and complete document will be presented to Council once this work has been completed.
Optional Questions: Q1 (Financial Management Review) & Q2 (Audit Regulation 17 Review)	While the process has been commenced, transition to the new enterprise software system, Datascape, and issues with under- resourcing continue to challenge the Shire and its review processes in this area.

IMPLICATIONS TO CONSIDER

Consultative:

Shire Managers and officers were asked to provide input into relevant sections.

Strategic:

Governance: The way the Shire Leads and Operates

O3: Ensure rigorous organisational systems

Policy related:

Legislative Compliance Policy

Financial:

There are no financial implications related to this report.

Legal and Statutory:

Regulation 14 of the Local Government (Audit) Regulations 1996.

14 Compliance audits by local governments

- (1) A local government is to carry out a compliance audit for the period 1 January to 31 December in each year.
- (2) After carrying out a compliance audit the local government is to prepare a compliance audit return in a form approved by the Minister.

- (3A) The local government's audit committee is to review the compliance audit return and is to report to the council the results of that review.
- (3) After the audit committee has reported to the council under subregulation (3A), the compliance audit return is to be
 - (a) presented to the council at a meeting of the council; and
 - (b) adopted by the council; and
- (c) in the minutes of the meeting at which it is adopted

Risk related:

The requirement to lodge an adopted Compliance Audit Return with the DLGSC is a legislative obligation. Failure to do so exposes the Shire to significant risk. This report and its appendices mitigate this risk.

Workforce related:

The Compliance Audit Return has been completed in-house within existing resources.

VOTING REQUIREMENTS

Simple Majority

Clarification sought in relation to the following:

- Delegation to Committees.
- Publication of Committee Minutes that do not have delegated authority on the website.
- Intent is confidential information vs. risk of non-compliance with the Act.
- Code of Conduct.
- Tenders: at Point 9 the response N/A should read "Yes" with the question beforehand confusing the matter.
- Disposal of Property (Questions 1 & 2) We entered into 2 lease agreements last year and this should say Yes.
- Finance Q3 response: Dates worded round. Accounts provided by OAG by September and extension was to October but we did not meet that and there was no way the Auditor could get the Annual Financial Statements finished before 31 Dec 2021.

OFFICER'S RECOMMENDATION/ARC RESOLUTION NO. ARC002/03/22

MOVED Cr R Madacsi

That the Audit & Risk Committee recommends that Council adopts the attached Compliance Audit Return for the period 1 January 2021 to 31 December 2021 pursuant to Regulation 14(3) of the Local Government (Audit) Regulations 1996 subject to amendments being made to Questions 1 & 2 Disposal of Property and Question 9 Tenders.

4.2 Mid-Year Budget Review 2021/22

PURPOSE OF THE REPORT

This report presents the Mid-Year Budget Review for the period ending 31 January 2022 for the Audit and Risk Committee's consideration and recommendation to Council.

BACKGROUND

In accordance with the *Local Government Act 1995* and the *Local Government (Financial Management) Regulations 1996*, Council is required to review the adopted budget and assess actual values against budgeted values for the period at least once a year, after the December quarter. The results of the mid-year budget review assist with not only forecasting the year end position but also the following year's budget planning process by highlighting variations to estimated income and expenditure.

The 2021/22 annual budget was adopted by Council on 29 September 2021. At the time of adopting the budget, the following was also resolved:

"That Council, in accordance with Regulation 34 of the Local Government (Financial Management) Regulations 1996 and AASB 1031 Materiality, resolves that the level to be used in statements of financial activity in 2021/2022 for reporting material variances shall be 10% for variances with a dollar value greater than \$5,000."

Officers use the above resolution as a guide for highlighting any variations and as a basis for any budget amendment requests.

A review of the 2021/22 Adopted Budget and year to date actuals to 31 January 2022 has been undertaken. Officers have reported on major variances in accordance with the above resolution and provided comments where applicable.

COMMENTS AND DETAILS

As part of the annual budget preparation, officers across the organisation are assigned projects and accounts within the budget for which they are responsible to monitor and

manage. This task has been extremely challenging for the 2021/22 financial year as the move to Datascape meant there was limited comparison between the new budget and previous years. The inability to align last year's budgets and actuals to the new reporting format in Datascape, coupled with considerable staff turnover, inadequate change management and premature transition meant that officers were relying on the operational activities of prior years and not that of the 2021/22 budget.

In addition to significant challenges in relation to the ERP transition, the following constraints have further affected day to day operations;

- Construction and freight delays this includes the challenge in securing contractors for projects due to wide-spread labour shortages.
- Supply issues and shortage of materials covering a range of industries from vehicles and IT to the building industry due to the influx of activity across the state.
- Being heavily under-resourced from an internal labour perspective. The difficulty in recruiting and retaining staff has been exacerbated by the Shire's inability to compete with the mining and private industries as well as Toodyay's close proximity to Perth.
- The delayed budget adoption affecting cash flow as a result of rates being due later in the financial year.
- The cautious approach to budget spending due to limited reporting functions in Datascape making budget monitoring for staff difficult.

Results of the review generally revealed that staff were less likely to spend due to lack of confidence and/or knowledge in the use of Datascape. This highlighted the acute need for additional training which, in itself, is a challenge due to time constraints and availability of resources. In addition, due to ongoing changes and development within Datascape, many of the training manuals prepared at the beginning of the project are now outdated.

During February, responsible officers met with the Senior Management Group to analyse budgets and consider any variations to the adopted budget. The review takes into account a number of factors including what has occurred during the first half of the financial year, the likely operating environment over the remaining months and the estimated impact on the Shire's financial position at year end.

That being said, the budget review maintained a conservative budget approach but at the same time, budgets were proposed to be increased or decreased to a more realistic estimate where necessary. The budget amendments from this review totalling \$1,031,698 incorporate the following adjustments as per Attachment 1:

- An estimated overall surplus in the operating budget of \$135,495 represented largely by the timing allocation of DFES funds for the Julimar Fire Station
- An estimated surplus in the capital budget of \$896,203 comprising the following;
 - Projects anticipated to be deferred or carried forward \$865,999
 - Net decrease in actual costs compared to budget \$30,204

It should be noted that adjustments to the budgeted carried forward surplus are usually managed at the mid-year budget review or earlier. However, due to the timing of the review and the fact that the annual financial report for 2020/21 is yet to be finalised, the carried forward surplus will be adjusted subject to receiving final audited figures. This information will be communicated to Council during development of the 2022/23 budget and where required, presented for Council's consideration and adoption.

Moving forward it is anticipated that subject to available resources, budget reviews will be performed quarterly. In addition, close monitoring of budgets continues to be an essential process for the finance staff with variations to be communicated to responsible officers as required until an extensive training regime for the use of Datascape can be developed and implemented.

IMPLICATIONS TO CONSIDER

Consultative:

Office of the Auditor-General

Department of Local Government, Sport & Cultural Industries

Strategic:

The way the Shire leads and operates:

O 2: Consistently improve our governance practices.

O 3: Ensure rigorous organisational systems.

Policy related:

F6 Significant Accounting Policy

F16 Financial Governance Policy

Financial:

The financial impact of the mid-year budget review for the period ending 31 January 2022 is outlined within Attachment 1. A year end surplus of \$1,041,698 is anticipated following the review.

Legal and Statutory:

Local Government Act 1995

Section 6.2 Local government to prepare annual budget

Section 6.10 Financial management regulations

Local Government (Financial Management) Regulations 1996

Part 2. Reg 5(g) CEO's duties as to financial management

Part 3. Reg 33A Review of budget

Regulation 33A of the *Local Government (Financial Management)* Regulations 1996 requires a Local Government to conduct a mandatory review between 1 January and 31 March each year and a copy to be forwarded to the Department of Local Government within 30 days.

Risk related:

It is a legislative requirement to undertake a review of the budget and to lodge it with the Department of Local Government, Sport and Cultural Industries. Failure to monitor and financially manage budgeted projects exposes the Shire to significant risk. This report helps to mitigate this risk.

The review does not, however, seek to make amendments below the materiality threshold unless strictly necessary. The materiality threshold is set at \$5,000 as adopted by Council.

Should a number of accounts exceed their budget within these thresholds, it poses a risk that the forecasted year end position may be understated.

Workforce related:

The budget review process has been managed within current resources.

VOTING REQUIREMENTS

Simple Majority

Clarification was sought.

CEO advised that Council will be workshopping this recommendation at their next workshop.

Points raised as follows:

- Net purchase price of vehicles vs. expected prices after trade-in;
- Management of Development and Regulation;
- Room in budget to employ temporary persons to assist with bringing financial position up-to-date and what is the highest priority that could be addressed with additional staff – mid-year review identified allocations for professional services and a financial consultant has been engaged to assist with the Annuals. Working out Datascape issues prior to bringing them on board.
- Limited staff capacity and now addressing need for casual staff to fill in.
- We are not looking at reducing the allocation in the budget for staff or professional services.
- Repaying ineligible expenses to DFES: as a result of an ongoing dispute with DFES. Mitigation planning activity and MOU in place and first time we have ever had a dispute over the expenses claimed. The major one is over training undertaken for the use of drones. All the BF Risk Coordinators around the state decided drones were and effective way to investigate and plan for mitigation. Used during fire emergencies as well. DFES disagreed and refused to pay for the cost of the training.
- Datascape and support for the Shire. Project Manager engaged to focus on the Datascape area. We now need someone to assist with financial side.

OFFICER'S RECOMMENDATION/ARC RESOLUTION NO. ARC003/03/22

MOVED Cr D Wrench

That the Audit & Risk Committee recommends that Council:

- 1. Adopts the mid-year budget review and supporting information as attached at Attachment 1 to this report.
- 2. Requests the Chief Executive Officer to forward the adopted 2021/22 mid-year budget review to the Department of Local Government, Sport and Cultural Industries within 30 days of Council's adoption.
