5.4 Training – future dates

WALGA conducts training for LEMC and course information is available on their website.

5.5 Funding – NDRP or other (e.g. community safety grants)

There is AWARE funding which is small funding that can offset the cost of staff. Workshop to review risks and then how best to mitigate.

NDRP State funding will be announced at the end of June. Tight criteria previously which may change. Looking at high risks in the area.

6. DOCUMENTATION (to be considered at meetings where appropriate)

6.1 LEMC Meeting and Exercise Schedule

There will be a Level 2 Bushfire exercise held in Toodyay on 13 June 2018.

The exercise is to include the Shire and will incorporate ISG meetings with LEMC members.

- The exercise will commence at 9.00am with an ISG meeting at 11.00am. An ISG recover meeting will be held after lunch.
- Other agencies will be invited to attend.
- Involvement of the Bushfire Brigades.
- CESM to be the Shire liaison
- The exercise may involve an element which include the Toodyay District High School.
- This exercise will meet the requirements under legislation for the LEMC to conduct an exercise every year.
- Exercises have been conducted in York with great results.

In September 2018 there will be a fire exercise for the Urban Interface. This will not necessarily be a desktop exercise.

Workshops to cover three risks being:

- Human Epidemic
- Animal and Plant Epidemic (foot and mouth)

Stage one will be to assess the risk with stage 2 to involve mitigation.

8. AGENCY UPDATES

C Stewart

There have been several fires due to compliancy and human frailty.

Conditions haven't changed and there will be no verge permits till we have had some weather.

A volunteer forum was held recently and was attended by most brigades. The most pressing point discussed was social media with the hire and fire (recruitment) and information during incidents. This can be both an enemy and a useful tool.

<u>J Spadaccini</u>

An agreement was signed with New Norcia for the use of an evacuation centre. This centre will now be available if required.

We are currently running group training sessions in the south – risk projects.

9. PRESENTATIONS OR EXERCISES

Nil

10. LEMA AND RECOVERY PLAN REVIEW

11. GENERAL BUSINESS

T Bendtsen

It has been noted in BFAC and DOAC the low numbers and complacency within the Shire community.

A proposal is to conduct workshops to encourage community engagement.

A Facebook site can be created that can communicate with the whole of the Shire of Toodyay which would be continuously updated with relevant information. By controlling the site means that the information provide is accurate, up to date and truthful.

Videos and educational tools can be placed on the site with other information such as where to go in the event of a fire, storm of flood. Information can also include:

- Verge mulching
- Fire mitigation
- Bushfire ready groups
- Volunteer Training
- How to become a volunteer.

MINUTES OF LOCAL EMERGENCY MANAGEMENT COMMITTEE HELD IN THE TOODYAY COLOCATION CENTRE, 67 STIRLING TERRACE, TOODYAY ON 9 MAY 2018

A communication plan can be set in place that falls in line with the Shire of Toodyay media policy. The site will not be open for all to post and would be a Shire page run by volunteers.

<u>J Hansen</u>

Have been looking at fire statistics in the surrounding Shires.

Information from the last three years have shown that ignition sources for Northam, York and Toodyay relate to burn offs. Other ignition sources were cigarette butts.

Currently looking at the dates of incidents and geography to pin point the areas that may be an issue so that it can be determined how we can address this and reduce the numbers.

Incidents are now reported on an online system rather than the previous paper version. The online version is easier and encompasses a larger amount of information.

There is currently round 2 of funding available - \$2 million. Toodyay is not currently eligible however York is. Toodyay will need to complete plans and have them approved by the OBRM. Plan and approval hope to be in place by the end of 2019.

12. CONFIRMATION OF NEXT MEETING

The next Local Emergency Management Committee Meeting is scheduled for 8 August 2018, commencing at 5.00pm.

13. CLOSURE OF MEETING

The Chairperson declared the meeting closed at 5.54pm.
