Attachment 6 REVISED Live Streaming and Recording of Council Meetings Policy.	119
9.3.4 Policy Review Update	
Attachment 1 Policy Review Update October 2022.....	124

To whom it may concern,

As the residents at Lot 104 Brumby Chase (75 Brumby Chase, Morangup), Martin and Kathryn Kallane, we thank you for the opportunity to express our views (side of the story) regarding our application to register a third dog on our property.

Firstly, we would like to address the reasons for our application for a third dog and put them into perspective. We have offered refuge to a friend struggling with mental health issues (including PTSD) in the way of a home, given the current rental crisis in Western Australia where there are a minimum of 30 applications for a rental property, less than 1% of homes vacant in the Perth metro area and the cost of a rental property and living is constantly rising, we have taken our friend in so she is not forced to join the homeless population of our state. Our friend has a dog, her dog offer's her emotional support and company during these hard times of life that are so rife in our current day and age (as many animals do).

There are currently no reported issues with the 3rd dog (Border Collie Cross) on the application at all. In fact, our friend takes "River" (Border Collie Cross) with her everywhere she goes, he is not left alone on the property to roam, and all gates and fences are secure when she is home with him. Also, we would like to note that our friend had been staying with us for **only 2 weeks (on and off)** at the time the report from our neighbours was made, we had not firmed any arrangement due to our friend suffering a bad episode of PTSD and needing our help and support more than us worrying about what arrangements were to be made, we had therefore **not yet** put a request for a third dog in to the shire, we were however well aware of the requirement. The moment we firmed the arrangement for our friend to seek refuge and a space to help her heal and feel safe, we submitted an application and paid the fee's necessary, to ensure that we were doing the right thing.

We would like to secondly acknowledge that we understand there have been previous issue's where our dogs and our neighbours from Lot 106 Brumby Chase are concerned (let it be noted we do not have any issues with any other neighbours in our area).

Referring to only the most current issue which occurred in **March 2021** that saw our Red Cloud Kelpie standing with 2 fences in between him and our neighbour's livestock "barking only", resulting in a complaint from our neighbours and a **very mild** "dog attack" offence being issued to us from the Rangers of Toodyay Shire. Given there was in fact "no physical attack" against any livestock animal and the cause of the issue simply being a tree had fallen on our fence and we were unaware, we understand our neighbours concern for their livestock and the issue with our fences was rectified immediately to the satisfaction of our Rangers requests at the time. We have had no further issues. Any previous issues to March 2021 that may be mentioned by our neighbours, we suggest shall be rendered defective given these issues occurred **8 years ago**, and were involving our Red Heeler, Limerick (deceased), who was shot by the same neighbours who now seem to have an issue with every observation they make involving us and what is happening on our property.

Yes, Limerick bit the neighbour, she put her had inside our car and he felt threatened (anyone who owns an animal knows not to do this), yes, Limerick had a habit of chasing livestock, this is no longer an issue as Limerick is no longer with us. Other dogs should not be treated the same way.

Given there has been such an extended period between incidents (1 incident 8 years ago, 1 incident 1 year ago), and we have and always will commit to doing the right thing to ensure we are adhering to the shire's rules, We believe we deserve a break here, as we are not actively trying to do the wrong thing and never will.

In conclusion, we ask you to consider the above facts when contemplating approval for our application, as this is not a question of us simply wanting a 3rd dog in the way of a new puppy or new hunting dog etc. on our property it is a question of not rendering a struggling human homeless when we could help her have a place to call home and feel safe with her dog.

Again, we thank you for the opportunity to express our perspective regarding this matter and trust the right decision will be made.

Kind Regards,
Martin & Kathryn Kallane

3-6 DOG PERMIT RANGER INSPECTION

Date of Inspection: Wednesday 27 July 2022

Property Address: 75 Brumby Chase, Morangup WA
