DEVELOPMENT APPLICATION

Proposed Dwelling

Lot 1665 (No.292) Folewood Road, Toodyay

1.0 Development Overview

Introduction

This report has been prepared by Redibuilt Homes on behalf of the landowners of Lot 1665 (No.292) Folewood Road, Toodyay for a proposed ancillary dwelling. The development application has been reviewed and assessed against the applicable planning framework. This report provides full details of the proposed development, the development site, the development application performance against the planning framework which demonstrates the development application is suitable for approval.

Proposed Development

The development application proposes an ancillary dwelling that is compliant with all other aspects of the Residential Design Codes ensuring it will not unreasonably impact on any neighbour's amenity.

2.0 Planning Assessment

LOCAL PLANNING POLICY

POLICY NO:	LPP.2
POLICY SUBJECT:	Ancillary Accommodation
ADOPTION DATE:	18 September 2008
LAST REVIEW:	13 May 2010

Policy Statement

As per Clause 1.0 c) of the Policy Statement in the above LPP the Shire requires all ancillary dwellings to be located within 20 metres of the main house.

We respectfully request a variation to the local planning policy and put forward that the proposed location of the ancillary dwelling...

- Provides some privacy between the two dwellings, and
- Eliminates the need to remove any trees between the two dwellings which appear to be in short supply in this location, and
- Has no adverse impact on any neighbours

3.0 Conclusion

The development application for **Lot 1665 (No.292) Folewood Road, Toodyay** proposes a single ancillary dwelling, we believe, consistent with the objectives and standards of the statutory planning framework that applies to the subject site. Regarding this, the following is noted:

- The proposal complies with all other relevant R-Code provisions.
- The proposed dwelling will be supplemented by an alfresco area and generous landscaping.
- The proposed dwelling will exhibit earthy and heritage type materials.

Considering the above, it is evident that this proposal does not impact on the rural and historic nature of Toodyay, nor any of the neighbours. We therefore respectfully request that the Shire of Toodyay supports and approves the development application.

If you have any queries or require further clarification or justification regarding the above matters, please contact the Applicant.

Thank you for your time.

1 BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 04 August 2025

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

MATERIAL ACCOUNTING POLICIES

Material accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment
 - Infrastructure
- Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Assets held for sale
- Investment property
- Estimated useful life of intangible assets
- Measurement of employee benefits
- Measurement of provisions
- Estimation uncertainties and judgements made in relation to lease accounting

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are presented in Note 8 - Other assets.

KEY INFORMATION

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

GST receivable						727,084
Rates rebates receivable						67,522
Total receivables general outstanding						1,401,240

Amounts shown above include GST (where applicable)

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

KEY INFORMATION

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

Contract assets

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

KEY INFORMATION

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled. The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

SHIRE OF TOODYAY
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
FOR THE PERIOD ENDED 30 JUNE 2025

BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICIES

BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Local Government (Financial Management) Regulations 1996, regulation 34 prescribes contents of the financial report. Supplementary information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Balances as at 31 March 2025, report prepared 10 July 2025

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

MATERIAL ACCOUNTING POLICES

Material accounting policies utilised in the preparation of these statements are as described within the 2024-25 Annual Budget. Please refer to the adopted budget document for details of these policies.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- Fair value measurement of assets carried at reportable value including:
 - Property, plant and equipment
 - Infrastructure
- Impairment losses of non-financial assets
- Expected credit losses on financial assets
- Assets held for sale
- Investment property
- Estimated useful life of intangible assets
- Measurement of employee benefits
- Measurement of provisions
- Estimation uncertainties and judgements made in relation to lease

KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Further information

At the time of compiling these statements, no reconciliation of aged receivables was available.

KEY INFORMATION

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 8 - Other assets.

Bank reconciliation - As of 10 June 2025 the bank reconciliations have been completed for the period from

1 July 2024 to 30 June 2025. There are unresolved transaction lines within those reconciliations.

The primary reason for this is staff turn over and training lag on the new accounting system software migration.

The lack of reconciliation may impact the accuracy of the

cash balances reported in the financial statements and the completeness of recorded transactions. Management is undertaking measures to resolve the reconciliations and expects to resolve the issue by **30 September 2025**.

The measures undertaken include audit completion for 2023-24, recruitment of more accounting staff,

reconciliation of source data to transactions in bank, and attention to entering all direct transactions from bank statements.

KEY INFORMATION

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a large asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the Shire's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses being their reportable value.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

KEY INFORMATION

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Inventory

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

Contract assets

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

KEY INFORMATION

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

KEY INFORMATION

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee Related Provisions

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled. The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

Capital grant/contribution liabilities

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

KEY INFORMATION

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Application for Use of Vacant Shed at Shire Depot – Arts Toodyay Inc.

Dear Chief Executive Officer, Shire President and Councillors,

Following our meeting with the CEO, Aaron Bowman on 30 July 2025, Arts Toodyay Inc. would like to formally express our interest in accessing the vacant shed at the Shire Depot for the storage of community arts equipment and materials.

As a growing volunteer-run organisation, Arts Toodyay is expanding its delivery of exhibitions, workshops, and community events. Through grant funding and in-kind support, we've built up a small but essential collection of equipment including exhibition panels, signage, children's art activity materials, tables, and marquees. Currently, these assets are dispersed across multiple private sheds, shire facilities and homes, which is proving unsustainable and limits our ability to deliver events efficiently.

Access to a secure, centralised Shire-managed storage facility would significantly improve our operational capacity, particularly in the lead-up to the inaugural Avon Arts Trail in 2026 and our ongoing program of free or low-cost activities for the Toodyay community. We are very open to a shared-use arrangement and happy to meet any reasonable costs, access or maintenance conditions.

We understand the importance of keeping Elected Members informed and engaged in community partnerships such as this, and we warmly welcome the opportunity to brief interested Councillors on our current work and how this request aligns with Shire priorities, particularly around inclusive volunteering, community activation, and regional cultural development.

We thank the Shire for its continued support and look forward to your advice on next steps in progressing this request.

Warm regards,

Chelle Ellery
Secretary, Arts Toodyay Inc.

LOCAL GOVERNMENT ACT 1995
BUSH FIRES ACT 1954
 Shire of Toodyay.
Bush Fire Brigades Local Law 2025

Declaration

Under the powers conferred by the *Local Government Act 1995* and the *Bush Fires Act 1954* and under all other powers enabling it, the Council of the Shire of Toodyay resolved on _____ to make the following local law.

Part 1 - Preliminary

1.1 Citation and Application

This local law may be cited as the *Shire of Toodyay Bush Fire Brigades Local Law 2025* and applies throughout the district.

It is made in accordance with Subdivision 2 of Division 2 of Part 3 of the *Local Government Act 1995* and Section 62 of Part V of the *Bush Fires Act 1954*.

1.2 Commencement

This local law commences 14 days after it is published in the *Government Gazette*.

1.3 Repeal Provisions

This local law repeals the:

- (i) By-laws of the Toodyay Road Board relating to the establishment, maintenance and equipment of Bush Fire Brigades for the Road District of Toodyay as published in the *Government Gazette* on 6 December 1946 (page 1499); and
- (ii) By-laws of the Toodyay Shire Council relating to the establishment, maintenance and equipment of Bush Fire Brigades for the Shire or any part of the Shire of Toodyay as published in the *Government Gazette* on 15 July 1970 (page 2101).

1.4 Interpretation

- (1) In this local law, unless the context otherwise requires –

Act means the *Bush Fires Act 1954*;

Brigade area means the area described in clause 2.2(1)(b);

Bush Fire Advisory Committee means the Shire of Toodyay Bush Fire Advisory Committee as formed under section 67 of the Act;

Bush Fire Brigade or **Brigade** means a bush fire brigade established by the Local Government under clause 2.1 and registered in a register kept pursuant to section 41 of the Act;

Bush Fire Control Officer means a bush fire control officer appointed by the Local Government under clause 5.1(1);

Bush Fire Brigade Member or **Brigade Member**, in relation to a Brigade, means a fire fighting member, associate member or a cadet member of a bush fire brigade;

Bush Fire Brigade Officer or **Brigade Officer** in relation to a Brigade, means a person holding a position referred to in clause 2.2 (1)(c) or clause 2.2(5), whether or not he or she was appointed by the Local Government or elected at an annual general meeting of a bush fire brigade or otherwise appointed to the position;

Bush Fire Operating Procedures means the Bush Fire Operating Procedures adopted by the Local Government as amended from time to time;

LOCAL GOVERNMENT ACT 1995
BUSH FIRES ACT 1954
 Shire of Toodyay.
Bush Fire Brigades Local Law 2025

Chief Bush Fire Control Officer means the Chief Bush Fire Control Officer appointed by the Local Government;

Chief Executive Officer means the Chief Executive Officer of the Local Government;

Department means the Department of Fire and Emergency Services of Western Australia;

Deputy Chief Bush Fire Control Officer means the Deputy Chief Bush Fire Control Officer appointed by the Local Government;

district means the district of the Local Government;

Local Government means the Shire of Toodyay;

Normal brigade activities as defined in section 35A of the Act; and

Regulations means regulations made under the Act.

(2) In this local law, unless the context otherwise requires, a reference to –

- (a) a Captain;
- (b) a First Lieutenant;
- (c) a Second Lieutenant;
- (d) any additional Lieutenant;

means a person holding that position in a Bush Fire Brigade.

Part 2 - Bush Fire Brigades

2.1 Existing Bush Fire Brigades and Establishment of Bush Fire Brigades

- (1) A bush fire brigade established by the Local Government prior to the day on which this local law comes into operation –
 - (a) is to be taken to be a bush fire brigade established under and in accordance with this local law; and
 - (b) the provisions of this local law apply to the bush fire brigade.
- (2) The Local Government may establish a bush fire brigade for the purpose of carrying out normal brigade activities.
- (3) A bush fire brigade is established on the date of the Local Government's decision under clause 2.1(2).

2.2 Name and Officers of Bush Fire Brigades

- (1) On establishing a Bush Fire Brigade under clause 2.1(1), the Local Government is to –
 - (a) give a name to the Bush Fire Brigade;
 - (b) specify the brigade area in which the Bush Fire Brigade is primarily responsible for carrying out the normal brigade activities; and
 - (c) appoint, in relation to the Bush Fire Brigade –

LOCAL GOVERNMENT ACT 1995
BUSH FIRES ACT 1954
 Shire of Toodyay.
Bush Fire Brigades Local Law 2025

- (i) a Captain;
 - (ii) a First Lieutenant;
 - (iii) a Second Lieutenant;
 - (iv) a Secretary; and
 - (v) a Treasurer.
- (2) A person appointed to a position under clause 2.2(1)(c), is taken to be a Brigade Member.
- (3) The term of office of a person appointed to a position under clause 2.2(1)(c) ends –
 - (a) at the completion of the first Annual General Meeting of the Bush Fire Brigade;
 - (b) when the person resigns from that position; or
 - (c) when the appointment, or the person's Bush Fire Brigade membership, is terminated under this local law;
 whichever occurs first.
- (4) At the first and each subsequent Annual General Meeting of a Brigade, the Brigade Members are to elect, from among the Brigade Members, persons to fill each of the positions of the Brigade as per clause 2.2(1)(c).
- (5) At the first and each subsequent Annual General Meeting of a Brigade, the Brigade Members may elect, from among the Brigade Members, persons to additional brigade officer positions including:
 - (i) additional Lieutenants if the membership considers it necessary;
 - (ii) an Equipment Officer;
 - (iii) a Training Officer; and
 - (iv) additional Officers if the membership considers it necessary.
- (6) If the position of a Brigade Officer of a Bush Fire Brigade becomes vacant at any time other than at the completion of an Annual General Meeting of the Brigade, then a Special Meeting of the Brigade may be held at which the Brigade Members may vote for a replacement Brigade Member to fill the position until the next Annual General Meeting of the Bush Fire Brigade.

Part 3 - Dissolution of Bush Fire Brigades

3.1 Cancellation of Registration

- (1) In accordance with section 41(3) of the Act, the Local Government may cancel the registration of a Bush Fire Brigade if it is of the opinion that the Bush Fire Brigade is not complying with the Act or this local law; or is not achieving the objectives for which it was established.
- (2) Upon a Bush Fire Brigade's dissolution, the equipment, assets and funds of the Brigade must be placed under the control of the Local Government and dealt with in accordance with the *Local Government Act 1995*.

LOCAL GOVERNMENT ACT 1995
BUSH FIRES ACT 1954
Shire of Toodyay.
Bush Fire Brigades Local Law 2025

3.2 New Arrangement After Dissolution

If the Local Government cancels the registration of a Bush Fire Brigade, the Local Government is to make alternative arrangements in respect of the Brigade Area.

Part 4 - Organisation and Maintenance of Bush Fire Brigades

4.1 Local Government Responsible for Structure

The Local Government is to ensure that there is an appropriate structure through which the organisation of Bush Fire Brigades is maintained.

4.2 Managerial Role of the Local Government

- (1) Subject to any direction by the Chief Executive Officer, the Local Government has primary managerial responsibility for the organisation and maintenance of Bush Fire Brigades.
- (2) Considering recommendations from the Bush Fire Advisory Committee, the Chief Executive Officer will appoint suitably qualified persons as Bush Fire Control Officers.
- (3) The Local Government will report to the Chief Executive Officer not later than 30 April each year for the consideration and appropriate provision being made in the next Local Government budget, the status of a Bush Fire Brigade's –
 - (i) training and readiness;
 - (ii) protective clothing;
 - (iii) equipment; and
 - (iv) vehicles and appliances.
- (4) The Local Government is to monitor Bush Fire Brigades' resourcing, equipment (including protective clothing) and training levels and report thereon with recommendations at least once a year or as directed by the Chief Executive Officer to the Chief Executive Office.
- (5) The Local Government is to ensure that Bush Fire Brigades are registered, that the list of Brigade Members is maintained, and the Department informed of relevant changes as per the Act.

4.3 Functions of Chief Bush Fire Control Officer

- (1) The functions of the Chief Bush Fire Control Officer are –
 - (a) to provide leadership to Bush Fire Brigades;
 - (b) to liaise with the Local Government concerning fire prevention / suppression matters generally and directions to be issued by the Local Government to Bush Fire Control Officers; and

Dear Mr Bowman

PROPOSED BUSH FIRE BRIGADE LOCAL LAW

Thank you for your correspondence dated 5 May 2025 regarding the Shire's proposed bushfire brigade local law.

I have referred a copy of the local law to the Department of Local Government, Sport and Cultural Industries (DLGSC) and directed them to scrutinise the draft local law for any drafting or legal issues.

If DLGSC has any concerns or feedback, they will provide them to the Shire prior to the end of the local law's public submission period so it can be taken into consideration by the Shire's Council.

In the meantime, if you have any queries or concerns, please contact DLGSC's local law team on 6552 1530 or by email at legislation@dlgsc.wa.gov.au

Yours sincerely

Dear Mr Bowman

SHIRE OF TOODYAY BUSH FIRE BRIGADES LOCAL LAW 2025

I refer to your correspondence dated 5 May 2025 regarding the Shire's proposed *Shire of Toodyay Bush Fire Brigades Local Law 2025 (Proposed Local Law)*.

I acknowledge the FES Commissioner's previous recommendations from 2 January 2025, regarding the Shire's Bush Fire Brigades Local Law 2024, as well as the Shire's ordinary council minutes from the meeting held on 24 April 2025, and the amendments made to the Proposed Local Law.

The Proposed Local Law reflects consideration of the Western Australian Local Government Association's "model" local law and the FES Commissioner's recommendations. Therefore, I have no further feedback.

Yours sincerely

Dear Mr Bowman,

EXPRESSION OF INTEREST for Community Building

Marsupial Mammas and Pappas Inc (MMap) is a dedicated and licensed wildlife organisation committed to the conservation and rehabilitation of native wildlife. Our organisation operates under the Department of Biodiversity, Conservation and Activities and as the only wildlife rescue organisation in Toodyay Shire, has a strong presence in the community. Below are some key points about MMap:

- **Licensed Rehabilitators:** MMap has a team of licensed rehabilitators who are trained to care for injured and orphaned wildlife.
- **Membership:** MMap boasts over 60 financial members, with at least 30 residing in the Shire of Toodyay.
- **Community Service:** MMap receives injured wildlife and attends call outs from Toodyay Shire, Northam Shire and Goomalling Shire, as well as from further afield.
- **Endangered Species:** MMap operates in an area home to several critically endangered species such as the woylie (brush tailed bettong).
- **Annual Wildlife Intake:** MMap receives over two thousand calls for assistance each year, and takes in to care hundreds of marsupials, reptiles, and bird species who would otherwise not receive appropriate care.
- **Charity Status:** MMap is a registered charity with ACNC and has DGR status allowing donations to be tax deductible.

Mobile: [REDACTED] Email: admin@mmap.au Website: www.mmap.au

MMap currently operates from a private home and does not have a central headquarters. Injured or orphaned wildlife are taken to the homes of dedicated MMap volunteers or collected either from members of the public who have intervened to assist, or from the roadside. This decentralised approach places additional strain on our volunteers and can delay the provision of care.

Securing a long-term lease on a community building would make MMap eligible for funding to equip the space appropriately—at no cost to the Shire of Toodyay. A local, centralised facility would provide a much-needed base for our operations, allowing faster response times and greatly improving outcomes for wildlife in need.

Some time ago MMap expressed an interest in occupying one of the buildings at the Community Depot in Railway rd. At that time the building was occupied by 2J2AIR, the local radio station and we understand it is now vacant.

The facilities offered by the building used by the radio station would be ideal for MMap operations and would enable us to:

- Provide a centralised location and reception centre for members of the public to hand over injured wildlife;
- Provide assessment and initial first aid for incoming injured wildlife; before transporting for veterinary care or permitted wildlife carer/rehabilitator;
- Provide opportunities for school and veterinary students to undertake work experience;
- Provide Centrelink clients the opportunity to undertake voluntary work;
- Store equipment and supplies such as a laptop, microscope for faecal samples, marquee, tables, chairs, promotional signage, hot boxes and other equipment;
- Use the premises as a training and educational facility, and meeting room;
- Involve the community by conducting open days and fundraising activities.

We respectfully request consideration for the allocation of the building to Marsupial Mammals and Pappas Inc. We are confident that our presence will provide significant environmental, educational, and social benefits to the local community in line with Toodyay Shire's Plan for the Future for our natural assets and ecosystems.

Mobile: [REDACTED] Email: admin@mmap.au Website: www.mmap.au

We would welcome the opportunity to discuss this proposal further and provide any additional information as needed during a site visit for the community building that previously accommodated the Community Radio Station.

Yours Sincerely

Rebecca Ingram

Dear Sir,

Re:- Disposal Former Westrail Toodyay Freight Station.

I am fully in favour of a lease being awarded to Marsupial Mamas and Papas at the above as offered by the Shire of Toodyay.

It is good to see a building used by a Toodyay Community Group and Council should be congratulated on their decision.

Dear Chief Executive Officer,

I am writing to offer my strong support for the following proposed dispositions:

3. Former Westrail Toodyay Freight Station – Lease to Marsupials Mammals and Pappas Inc. for 5 years with a 5-year option at \$300 p.a.

I strongly support this lease. Marsupials Mammals and Pappas play an essential role in the rescue, rehabilitation, and protection of our native wildlife. Having a secure base will allow them to expand their education programs, improve animal care facilities, and provide ongoing opportunities for community involvement in wildlife conservation.

Thank you for the opportunity to comment on these matters, all of which I believe will have positive, lasting benefits for the Toodyay community.

Dear Chief Executive Officer,

I am writing to offer my strong support for the following proposed dispositions:

2. Lot 108 Stirling Terrace (Bendigo Bank building) – Sale to Toodyay and Districts Community Financial Services Limited for \$520,000.

I support this sale as it keeps this key building in the hands of a local, community-owned organisation, ensuring that any benefits generated are reinvested into Toodyay. The bank is an important contributor to local initiatives and events, and retaining its presence strengthens our town's resilience.

Thank you for the opportunity to comment on these matters, all of which I believe will have positive, lasting benefits for the Toodyay community.

PART 3 -REQUIREMENTS AND LIMITATIONS ON THE KEEPING OF DOGS

Dogs to be confined

3.1 (1) An occupier of premises on which a dog is kept must –

- (a) cause a portion of the premises on which the dog is kept to be fenced in a manner capable of confining the dog;
- (b) ensure the fence used to confine the dog and every gate or door in the fence is of a type, height and construction which having regard to the breed, age, size and physical condition of the dog is capable of preventing the dog at all times from passing over, under or through it;
- (c) ensure that every gate or door in the fence is kept closed at all times when the dog is on the premises and is fitted with a proper latch or other means of fastening it;
- (d) maintain the fence and all gates and doors in the fence in good order and condition; and
- (e) where no part of the premises consists of open space, yard or garden or there is no open space or garden or yard of which the occupier has exclusive use or occupation, ensure that other means exist on the premises (other than the tethering of the dog) for effectively confining the dog within the premises.

(2) Where an occupier fails to comply with subclause (1), he or she commits an offence.

Penalty: Where the dog kept is a dangerous dog, \$2,000; otherwise \$1,000.

Limitation on the number of dogs

3.2 (1) This clause does not apply to premises which have been –

- (a) licensed under Part 4 as an approved kennel establishment; or

Shire of Toodyay.
Dogs Local Law

- (b) to the owners and occupiers of all premises adjoining the premises by registered mail or other proof of notification as deemed appropriate by the Chief Executive Officer.
- (2) The notices in subclause (1) must specify that –
- (a) any written submissions as to the proposed use are to be lodged with the CEO within 14 days of the date the notice is given; and
 - (b) the application and plans and specifications may be inspected at the offices of the local government.

When application can be determined

- 4.4 An application for a licence is not to be determined by the local government until –
- (a) the applicant submits proof that the notices referred to in clause 4.3(1) have been given;
 - (b) the applicant has complied with clause 4.2; and
 - (c) the local government has considered any written submissions received within the time specified in clause 4.3(2)(a) on the proposed use of the premises.

Where application cannot be approved

- 4.5 The local government cannot approve an application for a licence where –
- (a) a kennel establishment is not permitted on the premises under a town planning scheme; or
 - (b) in the opinion of the local government, the kennel establishment would adversely affect the environment or amenity of the neighbourhood or be a nuisance to adjoining owners and occupiers.

Conditions of approval

- 4.6 (1) The local government may approve an application for a licence subject to the conditions contained in Schedule 2 and to such other conditions as the local government considers appropriate.

LOCAL GOVERNMENT ACT 1995
DOG ACT 1976
Shire of Toodyay.
Dogs Local Law

- (2) In respect of a particular application for a licence, the local government may vary any of the conditions contained in Schedule 2.

PART 6 –MISCELLANEOUS

Offence to excrete

6.1 (1) A dog must not excrete on –

- (a) any thoroughfare or other public place; or
 - (b) any land which is not a public place without the consent of the occupier.
- (2) Subject to subclause (3), if a dog excretes contrary to subclause (1), every person liable for the control of the dog at that time commits an offence.

Penalty: \$200.

- (3) The person liable for the control of the dog does not commit an offence against subclause (2) if any excreta is removed immediately by that person.

PART 7 –ENFORCEMENT

Interpretation

7.1 In this Part-

"infringement notice" means the notice referred to in clause 7.3;
and

"notice of withdrawal" means the notice referred to in clause 7.6(1).

Modified penalties

- 7.2 (1) The offences contained in Schedule 3 are offences in relation to which a modified penalty may be imposed.
- (2) The amount appearing in the third column of Schedule 3 directly opposite an offence is the modified penalty payable in respect of that offence if –
- (a) the dog is not a dangerous dog; or
 - (b) the dog is a dangerous dog, but an amount does not appear in the fourth column directly opposite that offence.

LOCAL GOVERNMENT ACT 1995
DOG ACT 1976
Shire of Toodyay.
Dogs Local Law

- (3) The amount appearing in the fourth column of Schedule 3 directly opposite an offence is the modified penalty payable in respect of that offence if the dog is a dangerous dog.

Issue of infringement notice

- 7.3 Where an authorized person has reason to believe that a person has committed an offence in respect of which a modified penalty may be imposed, he or she may issue to that person a notice in the form of Form 7 of the First Schedule of the Regulations.

Failure to pay modified penalty

- 7.4 Where a person who has received an infringement notice fails to pay the modified penalty within the time specified in the notice, or within such further time as may in any particular case be allowed by the CEO, he or she is deemed to have declined to have the offence dealt with by way of a modified penalty.

Payment of modified penalty

- 7.5 A person who has received an infringement notice may, within the time specified in that notice or within such further time as may in any particular case be allowed by the CEO, send or deliver to the local government the amount of the penalty, with or without a reply as to the circumstances giving rise to the offence, and the local government may appropriate that amount in satisfaction of the penalty and issue an acknowledgment.

Withdrawal of infringement notice

- 7.6 (1) Whether or not the modified penalty has been paid, an authorized person may withdraw an infringement notice by sending a notice in the form of Form 8 of the First Schedule of the Regulations.
- (2) A person authorized to issue an infringement notice under clause 7.3 cannot sign or send a notice of withdrawal.

Service

- 7.7 An infringement notice or a notice of withdrawal may be served on a person personally, or by leaving it at or posting it to her or his address as ascertained from her or him, or as recorded by the local government under the Act, or as ascertained from inquiries made by the local government.

**LOCAL GOVERNMENT ACT 1995****DOG ACT 1976****Dog Local Law 2025**

The Shire of Toodyay proposes to make a local law relating to Dogs.

- (a) The **purpose** of which is to regulate the keeping, control and management of dogs within the district to ensure public safety, amenity and responsible pet ownership.
- (b) The **effect** of which will repeal the previous local law, and provide clear legal requirements for dog owners, including provisions for dog confinement, kennel licensing, dangerous dog management and designated exercise and prohibited areas.
- (c) The **justification** for the local law lies in its alignment with updated legislative standards, community expectations, and the need to address emerging issues such as GPS tracking for dangerous dogs and the structured adoption of surrendered animals, thereby enhancing the Shire's capacity to manage dogs effectively and humanely.

A copy of the proposed Local Law may be inspected at or obtained from the Shire's Administration Centre at 15 Fiennes Street, Toodyay between 8.30 am and 4.00 pm Monday to Friday or at the Toodyay Public Library during normal opening hours.

The Shire invites submissions by **4.00pm on Monday 13 October 2025.**

Please address your submissions to the Chief Executive Officer:
