

Think Before You Burn

This time of year is traditionally a busy time for our Bush Fire volunteers. It is at this time of year fire restrictions are eased.

Easing of restrictions does not imply that all fires are safe to light. So please assess weather conditions with detailed forecasts (i.e. MetEye) before burning. Ensure that the property is well prepared and you have adequate suppression resources. Burning just prior to rain is also not recommended as wind direction changes and increases in speed often catch people out.

Remember, legislation places responsibilities on those who light fires and penalties may apply for poorly conducted burning operations.

Finally, please consider the impact on our hardworking Volunteers when considering if it is appropriate to light a fire. Lets take care and look after one another.

APPLICATION FOR PUBLIC COMMENT PROPOSED STORAGE SHED WITH CARETAKER'S DWELLING

LOT 14 EXTRACTS PLACE, DUMBARTON

The Shire of Toodyay has received an application for a storage shed including a caretaker's dwelling at Lot 14 Extracts Place in Dumbarton.

Your views on the proposed storage shed and caretaker's dwelling are encouraged and welcomed. The proposal is available for inspection at the Shire of Toodyay Administration Centre, Old Court House, 15 Fiennes Street, Toodyay, during office hours. The proposal is also available for viewing in the Shire's website at www.toodyay.wa.gov.au

Written submissions on the proposed development should be lodged with the Chief Executive Officer, Shire of Toodyay, PO Box 96 Toodyay 6566, by 4.00pm **Monday 14 June 2021**.

Further information on the above proposal is available by contacting the Shire's Development Services on 9574 9300.

Suzie Haslehurst

CHIEF EXECUTIVE OFFICER

Chatcup Bridge Update

The work on Chatcup Bridge was certainly heading towards completion when Toodyay was hit with some serious rainfall.

Unfortunately due to the side track at the bridge replacement project being overwhelmed by that rainfall in early May (up to 70mm), Bindi Bindi – Toodyay Road was forced to close between Bindoon - Dewars Pool Road, and Telegraph Road.

As the replacement structure was close to completion, it was more economical to have the contractor focus on getting the new bridge opened to traffic as quickly as possible, than repair the side track.

UPCOMING COUNCIL MEETINGS

Meeting	Date	Time
Environmental Advisory Committee	1 June 2021	4.00pm
Audit Committee	10 June 2021	2.00pm
Agenda Briefing	15 June 2021	4.00pm
Ordinary Council Meeting	22 June 2021	4.00pm

TOODYAY WASTE TRANSFER STATION

Where: 226 Railway Road, Toodyay

Opening Times: open daily from 8.00am to 12.00 noon, excluding Good Friday, Anzac Day, Christmas Day, Boxing Day and New Year's Day.

The last Sunday of each month the Station is open from 8.00am to 3.00pm.

Toodyay Achieves Wildflower Friendly Town Status

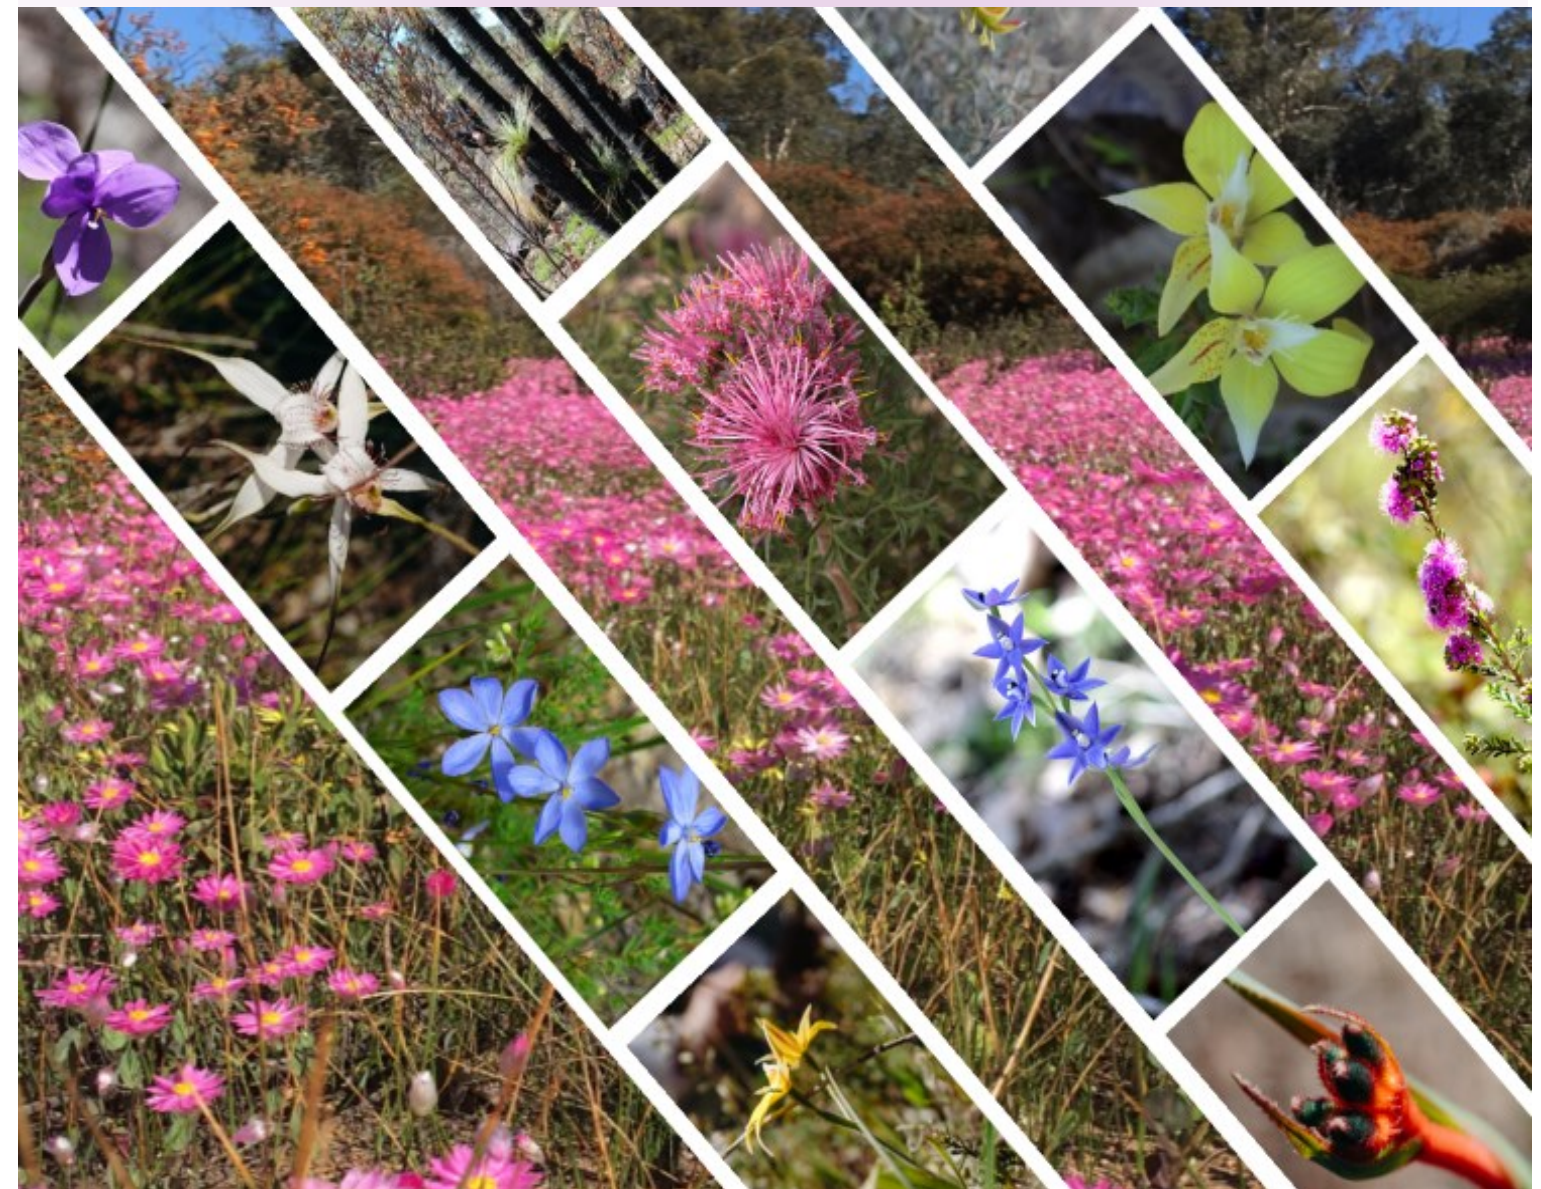

Toodyay recently achieved the status of a recognised Wildflower Friendly Town. Although in its infancy, the scheme is designed to increase nature based tourism in Western Australia by encouraging local governments to protect our valuable wildflowers and native vegetation along roads and in nature reserves for the enjoyment of visitors and locals.

An assessment panel consisting of representatives from the Western Australian Local Government Association (WALGA), the Wildflower Society of Western Australia and the Office of the Minister for Tourism, Racing and Gaming; Small Business; Defence Issues; Citizenship and Multicultural Interests recently advised the Shire of Toodyay had achieved 'wildflower friendly' status. The panel acknowledged the effort made by the Shire to provide information that addressed the schemes criteria and local government-led initiatives to conserve and promote wildflowers.

The Shire of Merredin was also successful and both Shires will receive additional marketing support from Tourism Western Australia (Tourism WA) aimed at driving visitors to key roads where wildflowers are likely to be found next year.

Tourism WA will begin work on website, wildflower map, social media and email newsletter content promoting the Shire ahead of the next wildflower season.

Minister Papalia congratulated the work the Shire of Toodyay is doing to conserve and protect wildflowers and native vegetation along roadside verges and reserves and looks forward to ongoing involvement in this important annual initiative.

A Message from the Shire President

Shire President
Cr Madacsi

The big question being asked is what did our new Toodyay Recreation Centre cost?

The answer is this administration has not yet had sufficient time to examine in detail the planning and earthworks incurred in the six years prior to June 2019.

The construction cost since June 2019 is \$14,997,723 minus \$33,469 for a cylinder mower.

This amount did not include land purchase and money spent on design, construction plans or earthworks prior to June 2019.

Costs began in the 2013/2014 financial year when the shire purchased 13ha of land near Toodyay District High School for \$1,675,000 with Shire funds and a WA Treasury Corporation loan.

Part of the money was allocated to Peter Hunt Architects in 2014 to develop and design a master plan.

In February 2017 a business case identified project costs totalling \$23.1 million for Stage One accompanied by whole-of-life costings.

The Stage One plans were scaled down after cost estimates were revised in December 2017 and funding outcomes were known.

Two interest-only WA Treasury loans totalling \$4.5 million were obtained to fund the revised Stage One construction phase.

Those two short-term loans will be converted to a single long-term (over 20 years) loan in June 2021.

The two loans - combined with \$6,722,957 in grants and \$3,756,635 of shire funds - provided a total of \$14,979,593 for construction.

The total budget was \$14,967,962 plus 'in-kind' contributions from local contractors.

The actual build cost of \$14,997,723 - minus \$33,469 for a mower - meant that construction was completed \$3,708 below budget.

Though costs were known throughout the construction period, actual amounts spent were required to be confirmed by acquittal.

The shire engaged a quantity surveyor to ensure all quantities of invoiced materials were accounted for. The invoices were then assessed against the project's budget and quotes.

This work would normally be done by the Shire Manager of Finance. However, staff changes, the transfer of all shire financial and other records to a new digital management system and the shire budget required that the CEO undertake the acquittals.

All works are completed and have been paid for.

Major Grant Funding For Toodyay Road

The Federal Government has announced \$64 million for the Toodyay Road Upgrade between Dryandra Road and Toodyay in the \$1.3 billion Infrastructure Package for WA. For more information see the website www.pm.gov.au.

Main Roads is continuing to upgrade sections of Toodyay Road to improve road safety and reduce road trauma.

The overtaking lane on Toodyay Road between Lovers Lane and Jingaling Brook Road is due for completion by the end of June 2021 dependent on the weather. The road widening around Racecourse Road is due for completion at the end of May also dependent on the weather. Audible edge lines will be installed once the works are completed.

For more information about the Toodyay Road upgrade project, please see the Main Roads website www.mainroads.wa.gov.au. Main Roads can be contacted by phone on 138 138 or email enquiries@mainroads.wa.gov.au

ARE YOU ELIGIBLE TO VOTE IN THE 2021 LOCAL GOVERNMENT ELECTIONS?

If you are a resident of the Shire of Toodyay and are registered on the State Electoral Roll, you will automatically receive voting papers through the post - you do not need to do anything. You can confirm your enrolment status with the Western Australian Electoral Commission online at www.elections.wa.gov.au or by phoning 13 63 03.

If you are a ratepayer of Toodyay but do not live in the Shire, you can apply to register on the Owners Occupiers Roll. This roll requires an update every 2 years, so if you registered on the Owner Occupiers roll prior to the 2019 Local Government elections, you may need to do so again.

Please also note: If you pay rates on more than one property in the previous 'ward' structure, you may have been eligible to vote in more than one ward. Wards have now been abolished so each person will receive one vote regardless of how many properties they own in the Shire.

To be eligible to vote in the 2021 Local Government elections you must ensure that you are enrolled to vote.

Museum Items Re-homed

In our December 2020 Shire Community Newsletter article we spoke about our efforts to find a home for some of the agricultural objects that had been gathered at the museum site over the years. These had been identified as being in poor or incomplete condition and had an unknown history. Regretfully we had to accept the Shire didn't have the resources to continue looking after them, and so began the process of searching for another museum where they could be re-homed.

A report was presented to Council in November 2020 asking Council to consider the disposal of objects from the museum collection that had been assessed as being of low significance due to poor condition, duplication or lack of provenance. The process of disposing of these items aimed to maximise limited resources (space, time and money) to ensure the more significant artefacts can remain in the museum collection and be better cared for.

In March a call went out through the networks of the Australian Museums and Galleries Association of Western Australia and a response was received from John Hawk of the Avondale Machinery Museum in Beverley.

The museum is located on Avondale Farm which is a National Trust owned property. Avondale Farm operates as a working farm, as well as having an agricultural museum, stables, walks and picnic areas. Volunteers at the museum restore agricultural machinery, including tractors, back to working order.

In April John and his son came to Toodyay and collected for the Avondale museum: a partially and incomplete four-wheel trap, a roll of barbed wire, a metal bath in two sections, some components from disintegrated horse drawn vehicles (mainly from a light two-wheel cart and a four-wheeled dray), approximately 200 cedar shingles (not associated with the gaol restoration), an egg incubator, a cast iron pot and a set of metal gears.

Are your rates up to date?

Have you paid your 2020/21 rates and are you up to date with your instalments?

A friendly reminder to advise that the last rates instalment was due on 22 February 2021.

If you are unsure if you have any outstanding rates, please contact the Shire administration office on (08) 9574 9300 or email records@toodyay.wa.gov.au.

WHAT IF YOU CHANGE ADDRESS OR PROPERTY OWNERSHIP?

Under the provisions of Section 9.86 of the Local Government Act 1995, you must notify us in writing if your property changes hands. This should include full details of the land and the new owner.

If you would like your Rates Notice sent to a different postal address, please complete the form on our website or contact the Shire.

Rating Information

GRV Residential - properties used for residential purposes.

GRV Commercial - properties used for commercial purposes.

GRV Industrial - properties used for industrial purposes.

GRV Rural and GRV Rural Residential - properties located within a rural setting but primarily used for residential purposes.

UV General - properties used for residential and/or minor rural pursuits.

UV Rural - broadacre farming over 100ha.

WIN TV advertisement - Experience Toodyay Today. There's never been a better time to visit.

Following on from the very successful Social Media and TV campaign run last year, the TCCI has once again committed to a similar multi-faceted ad campaign this year in time for Toodyay's peak tourism/visitor season.

We have already reached nearly 15,000 Perth metropolitan people in the first week of this new Social Media campaign and the TV commercials will be running on WIN TV. This 30 second TVC version of the Toodyay promotional video is being run on WIN TV for the next 2 months.

The purpose of these advertisements is to encourage more visitors to experience the wonders of Toodyay and all it has to offer, resulting once again in more revenue for our Toodyay business community.

You can view the TV Ad on our Facebook page <https://www.facebook.com/>

Can I have horses without first checking with the Shire?

One of the most common and enduring planning queries is the keeping of livestock – particularly horses. We also look at sheep and goats for 'mowing' purposes from time to time and alpacas because they make for interesting dinner conversation.

Did you know that the keeping of livestock is a land use? And that unless you are in Rural zoned land that you will need to have development approval in most instances. That does not mean to say that Rural land is completely exempt either. An Equestrian Centre, for example – will need development approval on Rural land.

For the purposes of this article however, we will focus on the most common land use – Rural Pursuits and the most common animal – the horse. Under the Shire's Local Planning Scheme No. 4 a rural pursuit means, among other things, the rearing and agistment of animals and the stabling, agistment and training of horses.

The Scheme will exempt you from requiring development approval in Rural Residential or Rural Living zoned land for a Rural Pursuit IF it is not used for trade or commercial purposes and complies with the recommended stocking rates and environmental protection requirements of the relevant State Government departments. It is up to you to demonstrate this capability to us however we can assist you with these calculations.

Notwithstanding the above, there are also other rural residential requirements in the Scheme which are specific to certain subdivisions which may prohibit rural pursuits and livestock – such as Rugged Hills.

Sometimes we are faced with a request to overstock the land. This means that the proposed number of horses does not meet the recommended (base) stocking rate for the land. For example, the base stocking rate is for 2 horses but you want 4. As part of the development application process, Shire Officers will ask for a horse management plan (also known as an equine management plan) to accompany any application.

The purpose of these management plans is to provide an effective way to ensure that your horse does not adversely impact on the land, soil, water, air and vegetation of your small property. The plan is a useful tool that addresses best management of the environment and details how you will manage nutrients, dust, odour, water resources and paddocks.

New landholders intending to keep horses and existing landholders wishing to increase horse numbers on their property, are advised to contact the Shire of Toodyay in the first instance.

So, even if you are Andrew Hoy with more equestrian experience than you can shake a riding crop at – you still need to get in touch with the Shire so we can ensure you are given the best advice early on. Our job is not to determine if you love your horses – it is whether the land and your neighbours will!

(Andrew Hoy — seven time Olympian representing Australia. Andrew has won four Olympic medals: three gold and one silver, in the sport of eventing).

Visit from Department of Transport

The WABN Grants program is one of the key actions detailed in the *Western Australian Bicycle Network Plan 2014-2031* which sets out a framework for the provision of a safe and sustainable cycling network across WA.

An organised visit from Department of Transport (DoT) to Toodyay tested the network by taking a ride on some of the Toodyay Pathways. In particular to take some photos and video of the new path that has just been installed from Drummond Street (School Rd) along Jarratt Pass to the Recreation Centre.

This is the path that is 50% funded by Shire of Toodyay and 50% by WA Bike Network Grant (DoT). The visitors loved the ride and the highlighted collaboration between Local and State Governments. The Shire acknowledges the efforts and hard work our depot employees put into applying for grant funding to complete these types of projects the Shire otherwise couldn't afford.

Toodyay set to benefit from the STAND Project

Toodyay is about to benefit from the Commonwealth Telecommunications Resilience Improvement (STAND Project) designed to support communities impacted by fire or cyclone by providing emergency communication capacity.

Under Round 1 of the 1 STAND Battery Upgrade \$16,000,000 program, Telstra submitted funding requests and 16 telecommunication towers in the Midland- Avon Zone were approved. Julimar, Coondle and Morangup towers are to have the batteries upgraded from 3 hour capacity to 12 hours. This Project is due to be completed by June 2021.

Toodyay District High School seeking nominations for School Council

Do you value the role that Toodyay District High School has in providing a quality education for students in the district? Can you help to enhance the education provided by the school by being a member of the School Council?

As a member of the School Council you can:

- Assist the school to determine and meet its objectives, priorities and general policy directions;
- Assist the planning of financial arrangements required to meet those objectives;
- Evaluate the school's performance; and,
- Promote the school in the community.

Membership of the School Council is comprised of parents, members of the community, staff and students, working together to further the interests of all students at the school.

Take up this opportunity and you will be rewarded knowing that your contributions will directly benefit 300 students, their families and the broader community. For if our school succeeds, so does our community.

If this sounds like something you can be a part of, please contact Mr David Ball, Principal, Toodyay District High School on david.ball@education.wa.edu.au or call 9578 2000.

MOONDYNE FESTIVAL

It has been an active time in the Community Development space with the popular Moondyne Festival returning to Toodyay. In a day held in honour of the legendary bushranger, Moondyne Joe, the township was again transformed into its celebrated pioneer period with swaggies, floozies and coppers decorating the main street.

The main highlight of the day was the famous re-enactment of Moondyne Joe's array of escapes. Enjoyed by many visitors and locals alike, the beautiful town of Toodyay came alive with all the skylarking and escapades of Joe and his unruly gang.

In what was a memorable day for Toodyay, the Shire would like to thank the Moondyne Festival committee, all the local groups who assisted and the Toodyay community who supported our historic centerpiece event.

Monitoring Feral Pigs in Toodyay

The presence of feral pigs within the Toodyay Shire is well known especially in the Department of Bio-diversity and Conservation Reserves.

However, recently these unwanted animals have been seen on private land such as bush blocks and hobby farms.

Landholders worried about their personal safety have reported sightings to the Shire and appropriate Government departments.

Toodyay Shire Reserve Management has responded by contracting a feral animal control expert to trap pigs on private land and Shire managed reserves.

A successful sensor camera program has confirmed feral pig "hot spots" which will maximise the effectiveness of trap locations.

Descended from escaped domestic pigs (*Sus scrofa*) these adaptable survivors have reverted to their wild form and ways.

They generally travel in family groups of up to a dozen or so, are mostly black in colour and stand about a half a metre high at the shoulder.

Their feeding habits involve extensive digging and rooting for bulbs and tubers.

Some of the affected sites cover thousands of square metres and look like an earth moving machine has been busy.

Feral pigs are regarded as one of the most destructive feral pests in the world!

In Australia an estimated 24 million of them wreak havoc across the landscape costing agriculture millions of dollars annually by destroying crops, preying on new born lambs, infrastructure and spreading diseases like Foot and Mouth.

They impact severely on the natural environment by eroding river banks, fouling water holes and out competing native wildlife for food and habitat.

The community is encouraged to report any sightings of feral pigs in the Toodyay Shire to the Reserves Management Officer rmo@toodyay.wa.gov.au Mobile 0448284260

Community Development Grant Funding Information

In updating our community and sporting groups, "The AMP Foundation is now seeking talented and innovative Australians who are working hard on a project or passion but are in need of a financial boost so they can take it to the next level."

Grants of between \$5,000 to \$100,000 are available to support Australians of all ages and walks of life who are making a difference in the community. Applications are now open and will close at 4pm (AEST) on Wednesday 9 June 2021. If you need more information, please do not hesitate to contact the AMP Foundation at amp_foundation@amp.com.au or you can also contact Daniel Hobley, Community Development Officer, at the Shire's Visitor Centre on 9574 9392 or d.hobley@toodyay.wa.gov.au.

National Road Safety Week 16 - 23 May 2021

The Shire of Toodyay would like to again remind the community that National Road Safety Week is taking place 16-23 of May in 2021. Too many lives are lost on our roads, and as part of remembering those 1200 people who are tragically taken every year, The Safer Australian Roads and Highways (SARAH Group) are calling upon people within Australian cities and communities to make the pledge to drive so others survive. If you need more information, please do not hesitate to visit the National Road Safety website at <https://roadsafetyweek.com.au/> or you can also contact Daniel Hobley, Community Development Officer, at the Visitor Centre on 9574 9392 or d.hobley@toodyay.wa.gov.au.

Youth Week may have been and gone this year, but at your local library we love educating and entertaining kids all year round. Check out the awesome collection of free activities and resources we have available for both the young and the young-at-heart. Don't delay...try them out today!

Successful 'Famil' tours
between surrounding Shires

If you don't know, a 'Famil' provides the best way in which a region can put its best foot forward to impress.

The VC team have been busy visiting surrounding Visitors Centres over March and April. These Famil Tours have been attended by Toodyay, Northam, Beverley, York, Goomalling and Chittering.

Our first Famil Tour was Chittering and Toodyay. We met at the Bindoon Bakehaus for morning tea followed by a visit to the Northern Valleys Locavore Store and then on to their recently revamped Visitors Centre.

Lunch was provided at the Toodyay Visitors Centre where the visitors were shown through Connor's Mill museum. Following lunch the group set out on the Convict Depot Walk, stopping at the Newcastle Gaol museum for a look around on the way. Back down the main street to take in our wonderful shops with a stop at Uniquely Toodyay.

Our second Famil Tour was Beverley and York. We all met at the Beverley Visitors Centre which is a fairly new purpose built building also housing the CRC, Library and Day Care Centre. From there, a wander down the main street admiring the many murals on view and stopping in at some of the local businesses including the recently renovated Freemasons Hotel. Then to visit Beverley's new Skate

Park before heading over to York.

York had a surprise waiting for us with some old vehicles waiting to give us a tour around town before heading to the top of Mt Brown. Once there a local Aboriginal elder told us some of their stories about Mt Brown and other hills and outcrops in the area. Back down the hill for afternoon tea at the York Motor Museum followed by a quick tour of some of York's local businesses.

Our third and final Famil Tour was Goomalling and Northam. Starting in Goomalling we were treated to morning tea followed by a look around Slater Homestead, then a tour around town in their Community Bus with a stop at the Goomalling Caravan Park.

On to Northam for lunch at the Bilya Koort Boodja followed by a tour of the impressive centre. Finally a wander down to the Farmers Home Hotel (formerly the Shamrock) for a look around there.

The Toodyay VC has thoroughly enjoyed these Famil Tours and learning about our neighboring towns. Toodyay is looking forward in working with the other districts to support and promote one another and continue promoting the Avon Valley as a fantastic place for tourists to visit.

Pictured below: The VC teams on Mt Brown in York.

New shade sails at Toodyay DHS inspire sun safe play

Students at Toodyay District High School can play more safely in the sun thanks to the installation of shade sails over the nature playground on the oval.

Toodyay DHS P&C celebrates the completion of the first of three playground shade installations, a partnership between the school and the P&C which contributed \$4,000 towards the project.

Following a successful application to CBH's most recent grass roots grants program, the P&C can announce that we have secured \$2,450 to install shade sails over the early childhood playground in term two.

The third and final shade sail is planned to be installed before the commencement of term three.

Mother's day stall provides gifts for Mums

The P&C hosted a Mother's day stall at school on Friday 7 May stall for students to buy a gift for their Mum or mother figure in their lives. Thanks to gift donations for the stall, students took home a gift for Mum and helped to raise funds for the school.

Save the date – Back to school days quiz night

Set aside Friday 23 July 2021 for the TDHS P&C Back to School Days Quiz night. Find an old school uniform, come dressed in faction colours or as your most memorable teacher. Get ready for lots of laughs, school themed games and to raise funds for school grounds improvements at Toodyay DHS.

Sponsorship opportunities are available. We are seeking donation of prizes for the event - for a raffle, silent auction, games and overall quiz winners. If you can support the school by making a donation of goods or services, please contact Kelly-Anne on 0406 585 716.

Canteen helpers are in demand

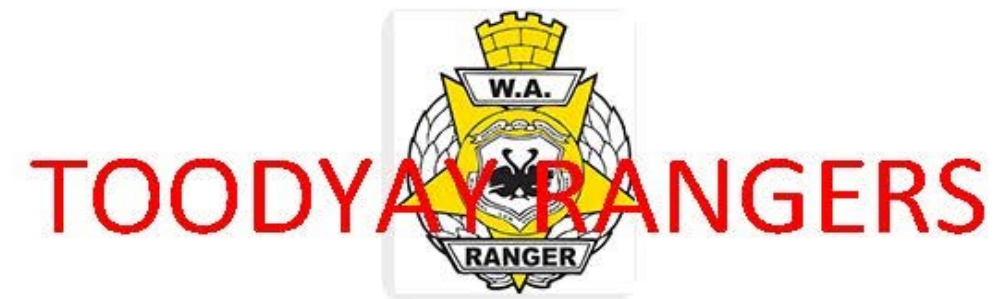

Are you looking for a way to give something back to your community? Could you spare a few hours on a Monday or Friday between 8.30am to 1pm?

Committed canteen volunteers Sal, Maxine and Heather will show you the ropes. You can help for as little or as long as you like, even one hour is a great help on the day. Please contact Sal on 0437 992 568 or Heather on 0418 930 721.

Term two P&C members meeting

The term two members meeting was held on Tuesday 18 May at 5.30 pm in the staff room at Toodyay District High School.

We welcome the input of parents, carers, community members and friends of the school to help us improve school facilities, resources and opportunities for all students.
