Ways in which the functions (including, in particular, the decision-making functions) of the agency affect members of the public (s.94(b))

Impact on the Public

The agency's functions, particularly decision-making and governance processes, impact members of the public in various ways:

- **Policy Implementation:** Directly affects the daily lives and activities of the community.
- **Regulatory Decisions:** Impose obligations or provide benefits to individuals and businesses.
- **Service Provision:** Delivers essential services that cater to public needs such as the library services mentioned below.

Library Facilities available for use by members of the public (s.94(e))

The Shire's Public Library Service is part of a state-wide network that operates between local government authorities and the Library Information Service of Western Australia.

Information about the Shire of Toodyay Library is available at the link below:

<https://toodyay.spydus.com/cgi-bin/spydus.exe/MSGTRN/WPAC/HOME>

Opening hours are available on the Shire's website:
<https://www.toodyay.wa.gov.au/contact-the-shire.aspx>

Morangup Community Library

Morangup Community Library is Toodyay Public Library's part-time branch. If you live outside Toodyay and don't want to take a trip into town, you can head over to the Morangup Community Centre which stocks over a thousand items to browse and borrow. Regular Toodyay patrons may also borrow, return or renew items at Morangup.

Council Meetings

The intent of Council Meetings is to provide a means for Council to make decisions that will affect the community as a whole, or individual members of the community dependent upon the type of decision being made.

The nature of Council's interest in making a decision will be one of the following:

- Advocacy:** when Council advocates on its own behalf or on behalf of its community to another level of government body/agency;
- Executive:** the substantial direction setting and oversight role of Council (e.g. adopting plans and reports, accepting tenders, directing operations, setting and amending budgets);
- Legislative:** adopting local laws, local planning schemes and policies;
- Review:** Council reviews decisions made by officers; or
- Quasi-Judicial:** when Council determines an application/matter directly affecting a person's right and interests. The judicial character arises from the obligation to abide by principles of natural justice. Examples of quasi-judicial authority include local planning applications, building licences, applications for other permits/licences (e.g. under Health Act, Dog Act or Local Laws) and other decisions that may be appealable to the State Administrative Tribunal.

Ordinary Council Meetings are held February to December, commencing at 5.30pm.

Agenda Briefings are held one week prior to an Ordinary Council Meeting, commencing at 5.30pm.

Special Council Meetings are called from time to time by the Shire President to consider matters which arise.

The Shire President presides at Council Meetings pursuant to the Act, and the *Local Government (Administration) Regulations 1996*. The CEO and the Executive Managers attend Council meetings to provide advice or any other information Councillors may seek but cannot vote or participate in debate.

A schedule is adopted by Council and available on the Shire's website here:

<https://www.toodyay.wa.gov.au/council-meetings/>

Council Meeting Minutes

Minutes are available 14 days after Council Meetings, and 7 days after Committee Meetings pursuant to r.13 of the *Local Government (Administration) Regulations 1996*. Minutes are 'unconfirmed' until the next meeting where they are 'confirmed' subject to any amendments made by Council or Committee (as the case may be). The confirmed minutes, including relevant attachments, are made available once signed by the Presiding Person.

Public Consultations

Public comment periods are a common consultation method employed by the Shire on a range of Council proposals and functions. A public comment period ensures that those affected by a Council decision have a genuine opportunity to be informed of, and provide input into, the decision-making process.

Public comment periods are undertaken in accordance with [Council's Community Consultation and Engagement Policy](#).

Effective Public Comment(s) should:

- Clearly state an opinion and reasons for or against the proposal or sections thereof;
- Propose how concerns might be addressed by outlining suggestions for resolving a problem or issue (if possible);
- List any references or provide evidence, relevant material, or specific examples to help demonstrate views or suggestions,
- Include the section, recommendation and page number of the proposal to which comments refer (if relevant),
- Be concise, whilst also numbering issues to be addressed, where there is more than one.

Public submission guides are available on the Shire website: <https://www.toodyay.wa.gov.au/council/council-meetings-committees/submissions-deputations-and-public-questions.aspx>

Council Meeting Attendance – Public Question time, Submissions and Petitions.

Meeting Procedures provide for the safe custody and use of the common seal and for the orderly conduct of Council and Committee meeting (and debating) procedures, as well as prescribing ways in which members of the public can contribute to the meeting.

Council meetings afford members of the public the opportunity to ask questions and receive responses from either the Elected Members or the Shire Officers through public question time pursuant to the *Local Government Act 1995*, *Local Government (Administration) Regulations 1996* and the Shire's Meeting Procedures.

Information about Council Meetings is available online at the link below:

<https://www.toodyay.wa.gov.au/council-meetings/>

Submissions

Items out for public comment are advertised in the local newspaper and displayed on the notice board at the Toodyay Library and Administration Centre as well as being published via social media and on the [Shire of Toodyay's website](https://www.toodyay.wa.gov.au) at www.toodyay.wa.gov.au.

Submitters must submit their comments by the advertised closing date, so that their comments can be considered.

Consideration of Submissions

All submissions received are summarised in a schedule of submissions for consideration by Council. This consideration may result in the proposal being modified to address the issues; approved without modification; or refused.

Submissions received may be included in Council's Agenda and made available to the general public. Public access to the submissions will also be permitted under the *Local Government Act 1995* or the *Freedom of Information Act 1992*.

Once a decision has been made on the relevant matter the responsible officer will write to all submitters advising of the outcome.

Petitions

Petitions inform the Council, in a public way, of the views of a section of the community and serve as a means of placing community concerns before Council.

Electors of the Shire of Toodyay may petition the Council to take some form of action over a particular issue.

A petition must be in the same format as the Shire's [petition template](#) and must be made by electors of the district and contain a summary of the reasons for the request.

Please note the following protocol for submissions of petitions. Petitions **MUST**:

- be addressed to the Shire President and Councillors;
- contain a concise statement of facts and the action sought on every page of the petition;

- contain the names, addresses and signatures of the elector(s) making the request, and the date each elector signed;
- state the name and address of the person who arranged the petition for correspondence to be delivered to. Correspondence is not sent to all the signatures on the petition.

Petitions should be presented to Council by a Councillor and a copy ought to be provided to the Administration prior to it being presented to the Council Meeting.

The Councillor presenting the petition is required to read the petition and if necessary, request that it be referred for an Officer's report.

Where a petition does not conform to the above, it will be treated as normal business correspondence.

Community Meetings

Where the Shire requires buy-in from the community in regard to its projects, and in accordance with the Shire policy on Community Consultation and engagement, Shire Officers may schedule forums and community meetings when stakeholder consultation is required.

Advisory Committees:

The Shire recognises the value of community input and is continually looking for ways to engage more deeply with the community, including ensuring that community representatives are appointed by Council onto Advisory Committees.

The Shire's Committee Book provides detail of each committee and the representation of Councillors on external committees. This book is available online: <https://www.toodyay.wa.gov.au/documents/461/committee-book>

Surveys and Feedback Mechanisms:

From time to time, the Shire will develop community surveys and deliver them out to the general public for a period of time to gauge sentiment in the community in regard to various matters.

Notifications / Advertising

Residents may be notified of issues by advertising through the Public Comment section of the Shire's website, or in the Toodyay Herald newspaper, or in writing to ratepayer's addresses. Residents and ratepayers have the opportunity to write to the Shire expressing their views.

In these instances, a Shire Officer will provide a Freedom of Information Application (which complies with the requirement of Section 12 of the *FOI Act 1992*) to the person making the request with the advice that their request for documentation requires that an FOI Application be made as the documentation is not accessible outside of the *FOI Act 1992*.

Access to Information

Most information access requests for information are to do with finding out the information of a neighbour, or of a property owner for a purpose known by the applicant (e.g. discussion of boundary fencing, pets or noise issues, and entry onto properties if required).

1.1 Routine Access

Most access to information will be handled by initially contacting the applicant to get their permission to share their information with the people that they wish to have the information of. This is also an opportunity to acknowledge receipt of the application and ensure that the application has as much detail on it to be able to process it.

That information is then used to contact the third party and pass their information on to them. This is a service that the Shire provides.

1.2 Non-Routine Access

There may be applications made for datasets of information, such as the rate book that the Shire holds which is a "rate record" required to be kept under section 6.39 of the *Local Government Act 1995*.

Section 5.96 of the Act and *Local Government (Administration) Regulations 1996* r. 29B apply; that a local government must not make copies of a rate record available to a person unless the request has been made in the manner and form approved by the CEO and the CEO is satisfied, by statutory declaration or otherwise, that the information will not be used for commercial purposes.

The Shire's Rate Record is approximately 4,300 pages in length, and it is stored on its electronic record management system that is available to the public for viewing.

As the rate record is unable to be published in accordance with section 5.96 of the *Local Government Act 1995* and in accordance with the above, individuals may request to view it where they have made a statutory declaration under oath that they will not use the rate information for personal gain.

Regulation 29B of the *Local Government (Administration) Regulations 1996* places restrictions on the Shire providing information where it is suspected that the information may be used for commercial purposes. The restrictions are in place to prevent the misuse of ratepayer information, particularly for commercial purposes like direct marketing.

The Chief Executive Officer or a Worker with delegated authority, must be satisfied by statutory declaration or otherwise, that a commercial purpose is not the intent of someone seeking such information.

Consideration by Officers undertaking the processing of the Information request must also ask the applicant to complete a Privacy Impact Assessment if they are intending to use the information for research purposes.

If the CEO is satisfied under r. 29B, that the information is not being used for commercial purposes, then the Shire may provide the information as prescribed in regulation 55 of the *Local Government (Financial Management) Regulations 1996* - [WALW - Local Government \(Financial Management\) Regulations 1996 - Home Page](#).

However, if the Shire's rate record includes information additional to that required by r. 55, that information would be removed from the copy provided.

1.3 Notice of decision

The Shire will notify applicants in regard to any decision taken whereby information is going to be given to them, or not, and any action undertaken by the processing Officer in regard to passing on the information to the third parties.

Review and Appeal Rights

If dissatisfied with the decision, applicants may seek a review through the **Office of the Information Commissioner**. Details are available at: <https://www.oic.wa.gov.au/en-au/FTP014>

Guidelines

Under Section 5.94 of the *Local Government Act 1995*, the Shire of Toodyay is required to have available certain types of documents so that when a person attends the Shire Office during office hours they can inspect, free of charge the documents in the form or medium in which it is held by the local government, whether it is or is not current at the time of inspection, unless it would be contrary to section 5.95. The types of documents that are able to be obtained free of charge are the documents that are published on-line which are detailed in the Document Access Table within the Shire's [FOI Information Statement](#).

If we get requests for personal information (e.g. addresses or phone numbers) this information is personal information and cannot be provided without that individual's consent.

We can contact the person to whom that information belongs and advise them of the request and if they give their approval we can then provide the information to the person requesting it.

We need to ensure that personal data, including postal addresses, is handled in accordance with privacy principles and only shared in specific, lawful circumstances.

Refer to the Handling Information requests and responding to Data Breaches procedure here: [W:\Procedures\Executive Services\Information Requests & Data Breaches.doc](#)
