

BUSH FIRE

UNDERSTANDING RISK AND ACTIONS

During the fire season understanding your daily risk and appropriate actions is communicated using the Australian Fire Danger Rating System. During a fire additional, location specific alerts or warnings may be issued by authorities. Residents need to understand how to lower their risk and respond appropriately in an emergency.

Australian Fire Danger Rating System

**Remember:**

Permits invalid on Fire Danger Rating days of HIGH or above.

**Moderate**

Plan and Prepare.

**High**

Be ready to act.

**Extreme**

Take action now to protect life and

**Catastrophic**

For your survival, leave bush fire risk
